

yummy treats for everyone

At Nummy we only make 100% natural and healthier alternative to treats. We strongly believe that health is wealth and our story began years ago when healthier sweet treats were nowhere to be found. Over the years we developed our own recipes with no added nasties, maximum taste satisfaction and carefully selected premium ingredients. Our treats are for everyone, handmade and perfectly imperfect. All our creations are made using oats, organic coconut sugar, raw organic coconut oil, maple syrup to name few so we promise the best quality produce because we do care.

Brownies

Deliciously chewy and rich with a secret ingredient...avocado! Packed with sugar free 72% dark chocolate. Vegan friendly.

Peanut Butter
